

# Find your ring size

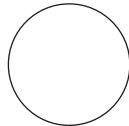

Print this page without scaling. To verify that you printed it correctly, use a ruler to measure the scale here below. It should measure 5cm.

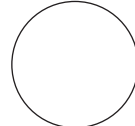

To find your ring size, choose a ring you already own which fits the same finger on the same hand where you intend to wear your new Charlotte Chesnais ring and place it on the circles below.

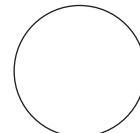

49

51

53

55

Your ring size corresponds to the circle which matches the diameter of the interior of your ring. If your ring is between two sizes, choose the larger size.
